

chiiOnline community

starts on the 5th of November 2020

The kickoff event for the **chiiOnline community** will be the online Welcome Day on the **5th November 2020** with **3 keynotes** and the launch of **chiiTalks**. This kickoff event will be followed by eight weekly online sessions where chiiOnline community members can present their technology, inspiring new developments or products in a 10-minute web pitch format. The sessions of the Welcome Day and all 10-minute web pitches will be recorded and available until the end of the eight weekly sessions.

All you have to do to be part of the chiiOnline community is to **register for free!**

Free register here

The **WebPitches** are an innovative platform for your organisation to present your solutions. In these online sessions, you can pitch your products, ideas & challenges within the industry and initiate new contacts. Each web pitch lasts 10 minutes, which provides an ideal format to get a varied yet comprehensive overview of what is happening in the hyperspectral imaging market. Find out more about the chiiWebPitches [here](#).

The **chiiTables** are a great occasion for live discussion and networking with a greater online audience. In this format sponsoring companies can host their own table with an individual topic. Find out more about the chiiTables [here](#).

The **chiiTalks** make it easy to get in contact with potential cooperation partners. In these face-to-face talks you and your partner get 15-20 minutes to talk about topics of your choice and interests. To find out more about this format and the required technical preparations click [here](#).
