

Dear partners and friends,

this is the final reminder for our upcoming [SpectroNet Collaboration Conference 2022](#) on 07.09.-08.09.2022 in Jena!

We have updated our well known conference concept for even more dynamic and interactive exchange.

During the two days you can expect:

- 32 presentations in 4 sessions,
- 2 keynotes,
- 1 interactive workshop,
- an industrial exhibition, and
- an evening event where you can enjoy the most beautiful view on city of Jena.

Here we have summed up all information about the [SpectroNet Collaboration Conference 2022](#) (SCC2022). Please check out our Supporters, the Participants so far and the complete Agenda with Speakers and thier Topics!

in collaboration with
